WHO We Are

The members of **Team Hosie Cow/Serious Visuals** are professionals, business owners, salesmen, designers, engineers, trainers, teachers, husbands, fathers...and riders. Along with our title sponsor, Cirrus Visual, we design, sponsor and ride every single Epic Rides endurance mountain bike event. And once a year we gather as a team for Epic Rides' flagship event - the 24 Hours in the Old Pueblo - a 24 hour relay race where we have been on the podium 6 times in the last 8 years in the Corporate Category. We have even accumulated enough riders to support 2 corporate teams (10 riders each). We have been featured in the New York Times as well as local papers in light of our history. The rest of the year our individual riders place in the top 10 of El Tour de Tucson, secure podiums in regional and international races, and just plain ride as much as we can.

We plan to continue our legacy at the 24 Hours in the Old Pueblo, as well as other races throughout the year. Sponsors of Team Hosie Cow/Serious Visuals will enjoy exposure both on and off the bike by being featured on jerseys, shirts, banners and hanging-around-after-the-ride-with-a-beer conversations.

WHAT We Do

Team Hosie Cow/Cirrus Visual

24 HOURS IN THE OLD PUEBLO - CORPORATE TEAM
